

2018 Boise District BLM Fireline Qualification Required Training INFORMATION & SCHEDULE

<http://www.idahofireinfo.blm.gov/swift/>

TRAINING SIGN UP PROCEDURES

- These procedures are for the following classes/sessions only: WCT, Fireline Safety Refresher, Defensive Driving, and First Aid/CPR.
- ***These four trainings are required to be current by anyone who wants to receive a qualification card and/or is a driver for logistics.***
- Click on the title of the training in the charts below and complete the Google Form to ENROLL.
- The March training dates are for regular agency personnel only, not AD personnel, due to not having the 2018 AD Pay Plan or policies prior to these dates. *If an AD feels like they must take training during this time it will be on a volunteer basis and you will not be paid.*
- ***You must use the Google sign-up procedure to guarantee a spot in the class.*** This allows for number tracking, ensure enough pack vests are available as they are limited, classroom has enough seats and build rosters.
- If you have any questions on how to complete the form, class details or requirements, or need to cancel or change the date of the class you registered for; you need to notify the training officer Leigh Ann Hislop at lhislop@blm.gov or 384.3403.

NOTE for Boise District Fire Supervisors: Please refer to the Refresher Training Week schedules to register for all the mandatory classes as each requires a Google Form registration. The MAY Training Week courses are not listed here as they are ONLY for the Seasonal Fire Personnel and they will be preregistered automatically.

WORK CAPACITY TEST

The Work Capacity Test must be completed every year to maintain incident fireline qualifications. *You may only test at the level (arduous, moderate, or light) required for the qualifications that are on your Incident Qualifications Card.*

- Anyone who had not been cleared prior to the day of the WCT will NOT participate.
- ***For Light & Moderate WCT, you will have to bring your Certificate of Clearance with you to the test.***

IMPORTANT CHANGES – FOR MODERATE & LIGHT WCT

- For anyone who takes the Moderate or Light WCT, there is a new Health Screening Questionnaire (HSQ) process that needs to be completed prior to taking the WCT (*suggest at least 4 weeks prior*). This form will be returned to the Training Specialist and then reviewed by our Fire Management Officer FMO. It will be determined at this time if a physical exam needs to happen prior to the test. If no physical exam is needed, a Certificate of Clearance is given to the employee which **MUST** be taken to the WCT administrator on the day of the test. If there is a need for an exam, the employee will need to coordinate with the Fire Business Office. The Certificate of Medical Examination Form, US Office of Personnel Management OF-178 will need to be completed by the physician *of their choice*. The employee will return the OF-178 to the Fire Business Office. If cleared then a Certificate of Clearance will be issued and it needs to be given to the WCT administrator on the day of the test.
- The HSQ **CANNOT BE COMPLETED** on the day of the WCT.

ARDUOUS WCT

- *Agency & AD Personnel who wish to complete the Arduous WCT – Must be medically cleared PRIOR to WCT day. You must have had a DOI MSP exam in the last three years with a self-certification completed when no exam is required.*
- *If you need a DOI MSP exam see our Fire Business Office to get set-up in the system.*
- *For non-Boise District employees, you will need written verification that you are cleared to take the WCT. You also must hold a qualification that requires the arduous WCT in order to complete the test.*

WCT LOCATION: Marianne Williams Park Parking Lot, 3451 E Barber Valley Drive, Boise
